

Atlantic Custom Collar

PATENT PENDING

SUGGESTED
HCPCS-L0170

The Atlantic Custom Collar, invented by an American Board Certified Prosthetist and Orthotist with over 20 years of experience, is a breakthrough custom molded cervical collar that fits every patient properly and comfortably. There is no other cervical collar today that immobilizes the cervical spine as intimately as the Atlantic Custom Collar.

Benefits

- Most comfortable and supportive cervical collar on the market
- Revolutionary model that is custom modified in minutes
- Molding blanks are molded to model in minutes
- Comfortable antimicrobial and moisture wicking pad sets
- Fabricate a custom collar while the patient waits
- Kit is portable for ease of off site fabrication (hospital or home)
